Recessed Downlight Retrofit

Battery Backup

TRIAC Dimming

5CCT Selectable

Rechargeable Battery

Application :

Battery Backup - LED Downlights combine powerful LEDs with pre-integrated battery backup power to deliver 90 minutes of uninterrupted lighting whenever the power goes out. Built-in battery backup means no aftermarket install.

DIVERSE USAGE - LED Downlights with CCT tunable color offers premiere lighting options for residential homes (living room, hallway, kitchen and bathroom), hotels, libraries, offices, garages, and work areas. Damp rated and suitable for bathroom installations. Dimming feature (Triac) maximizes utility for diverse workplace needs..

Features :

- 5 CCT selectable.
- TRIAC dimming.
- Pre-integrated LiFePO4 battery backup power to deliver 90 minutes of uninterrupted lighting whenever the power goes out.
- CRI90 display the truly vivid color of the environment.
- Baffle design for anti-glare purpose.

Application place :

The product is suitable for Living room, Bedroom, Apartments, Hotel, Restaurant and so on.

Technical Data :

	Recessed Downlight Retrofit Battery Backup
Rated Voltage	120V
Size	6inch
Function	Battery Backup
Rated Power	12W
Power Factor	0.7
Declared Luminous Flux	1200lm
Declared Luminous Flux (Battery Backup)	200lm
Color Temperature	5CCT(27000K/3000K/3500K/4000K/5000K)
Color Temperature (Battery Backup)	5000K
Average Ra	90
Average Ra(Battery Backup)	80
Beam Angle	90°

Average Life	35000H
Working	-20°C(-4°F)~40°C(+104°F)
Material	Plastic+ PC
Dimmable	TRIAC
Length	5.91Inch(150mm)
Width	5.91Inch(150mm)
Height	1.18Inch(30mm)
Environment	Damp Location
Certificate	ETL、FCC、T24
