Smart Security Flood Light

Two-Way Audio

Two-way talking and a 100-decibel siren scare.

Detecting System

Advanced motion detection and records with Motion, App or Continuously.

Quality Camera

1080p HD Video and 128 GB Micro SD Card Storage.

Application:

The TOPSTAR Smart Flood light Security Camera makes it easy to upgrade your exterior lighting to a home security system. Check in on your home from any location using your smart mobile device. Feel the protection of powerful home security in the palm of your hands. Two-way talking and a 100-decibel siren scare off intruders, while powerful 5500-lumen lights leave no dark corners to hide. It has a 270-degree field of view and detects motion even in the dark with night vision. Receive push notifications when motion is detected up to 32 feet away. Record in 1080P high definition to see faces and read license plates. Capture, play back, and share video and still recordings on your mobile device. Store videos and images on a separately sold micro SD card for added security and convenience. No hub or special smart home hardware required. It installs easily in minutes with a 2.4GHz Wi-Fi connection. Choose a durable smart flood light camera with powerful function and hassle-free installation.

Feature & Benefits:

- 1.Support Matter over Wi-Fi or Matter over Thread protocol.
- 2.Turn on/off, adjust lighting, set groups and schedules with your smartphone.
- 3.Compatible with Google Home and Amazon Alexa voice assistants.
- 4.Built-in two-way microphone and speaker lets you talk to guests or ward off would-be intruders.
- 5.128GB SD card removable on-board storage means no subscriptions needed to save images and video.
- 6.High lumen lights leave no dark corners to hide.
- 7.Multi-angle adjustment, it has a 270-degree field of view.
- 8.Outstanding 1080 HD video resolution offers live views and records in crisp clarity.

Application place:

The product is suitable for courtyard, hallway, and so on.
